

MISSION INDIA BIBLE COLLEGE RAJASTHAN BUILDING PROJECT

About Rajasthan

Rajasthan is located in northwest India, bordering the country of Pakistan. Containing 33 districts and 44,795 villages, Rajasthan has a population of 79.5 million people with a religious makeup of: Hindu 88.5%, Muslim 9%, Christian 0.14%, other 2.36%.

Ministry Overview

Currently RIMI/Mission India has ministry in 11 districts, 28 missionaries, 300 house churches, 3,000 believers, 4 Child Development Centers serving a total of 250 children. We have provided 21 public restrooms and 15 borewells in various communities raising the standard of living for thousands of people.

Our vision is to raise **1,000 indigenous leaders**, plant **10,000 house churches**, and provide **after-school training and care for thousands of children**.

Project Overview

Over the years, we have had the privilege to train many students to become missionaries and leaders in Rajasthan through our holistic training programs. It is expensive to rent buildings to run our Bible College and children's programs and the constant increase in rent and local opposition has made it difficult to continue this great work.

Project Cost

After much time of prayer and research, our team in Rajasthan has found a suitable building in the district of Jodhpur. This 4-story building (lower level is for parking) will be used for our Bible College and Child Development Program as well as housing for the MIBC principal and staff. The total cost to purchase, register,

and furnish the building is **\$250,000**. We have until **July 20, 2022** to raise these funds. We are asking God's people to pray, share, and give to expand God's work among the unreached people. Any sized gift is greatly appreciated.
